1.	24.40.080 Shoreline Development Table: Shoreline Development Permitted by Area Designation	Urban Mixed Use IV allowed uses.	Within the Urban Mixed Use IV environment, change prohibited (X) to SDP, in the row for “Attached or stacked residential (multifamily)” under the subheading “Residential.”	This recommended change would provide the city with zoning flexibility within the Urban Mixed Use IV environment. Adopting this change would preclude the need for future SMP amendments should the city modify zoning for that area.
